Greetings to the Class of 2014:

On behalf of the trustees of the University of Illinois and the 11 million residents of our state whose best interests we represent, I want to congratulate all of you in the Class of 2014.

In the future, when historians write about our time, I hope it will be about you as students and your actions as graduates and about your contributions to our state as alumni.

I hope you are proud to be here today, proud to be at the University of Illinois, which is the greatest institution of its kind in the United States.

Nothing is more important to the future of Illinois, our citizens and communities, the health of the economy of this state, our quality of life, and the competitive positioning of this state on the national and global stage than is the University of Illinois.

All of you who are graduating today must be relentless voices for excellence and for the notion that we should be the best in the world at what we do.

We must protect and preserve the pride that everyone who has been associated with the university has in that association.

Today, you join the ranks of the largest alumni association in the world.

We want you active, and we want you involved. You have a great legacy, and together, we can build on it.

If you have ideas, reach out to your college dean, the chancellor, the president, the Alumni Association, or the Board of Trustees.

We all look forward to working with you.

Christopher G. Kennedy
Chair of the Board of Trustees
Congratulations to the Class of 2014

Just a few short years ago, you were sitting in the Pavilion, listening to convocation speeches, and looking ahead to a tomorrow that was unlike any you’d faced before.

In some ways, it probably seems like yesterday; in others, a lifetime.

Your years on this great campus have prepared you for a lifetime of success and happiness, and as you head off today to begin that next chapter, I hope you take time to reflect on everything you’ve accomplished and how much you’ve grown.

Your time here has truly been transformative—uniting your talent and passion with UIC’s world-class faculty and academic programs to unlock the doors to your dreams. It has transformed the arc of your lives, which will be forever guided by the broad-based knowledge, critical thinking skills, and sense of purpose that you nurtured here.

Tomorrow, you again face a future of new opportunities and new challenges. But you and the more than 7,000 other members of the Class of 2014 have proven that you are ready to make your mark in our world’s rapidly changing workplace.

Remember the commitment and hard work that brought you here today. Remember everything you have learned. Remember that education is a journey that unfolds for a lifetime. And remember the example of the more than 200,000 alumni who have shown the heights that are within reach with a UIC degree.

Today, we celebrate you, Class of 2014, joined by the proud family and friends who have supported you along the way. Enjoy your day, and come back often. Like the lessons you learned here, your bond with UIC lasts a lifetime.

Robert A. Easter
President
Dear 2014 Graduates:

Congratulations. On this day you celebrate an enormous achievement. Your family, partners, friends, fellow students, and professors all join me in honoring your hard work and the sacrifices you’ve made to attain your degree. We are proud of you, as you must be of yourselves.

As students you have been serious, eager, and devoted to learning. You are aware and concerned about the world beyond this campus. Many of you are the first in your family to attend college, and many have worked one or more jobs to pay for your education. Today, you reap the benefits of all your hard work.

You are now UIC alumni. As you build your life with your education as a foundation, you remain a part of our community. We want you to feel a lifelong connection to UIC, whether you return to attend cultural and athletic events, mentor students following in your footsteps, or continue your own education. You are an essential part of our growing community.

Today, we are here to recognize your achievements. As UIC alumni, I offer you my best wishes on all your future endeavors and I urge you to return to UIC often.

Sincerely,

Paula Allen-Meares

The University of Illinois Alumni Association is proud to recognize the 2013 UIC recipients of the following awards:

**The University of Illinois Alumni Achievement Award**
Presented to those alumni who have attained outstanding success and national or international distinction in their chosen business, profession, or life’s work.

**Curtis Granderson, ’03 CBA**
*Founder and Chairman, Grand Kids Foundation*
*Outfielder, New York Mets*
*Corona, New York*

Curtis Granderson may be just 33 years old, but he already has lots of Grand Kids—that is, the scores of youth who benefit from his Grand Kids Foundation, established in 2007, whose goal is to improve educational experiences for young people and reestablish baseball opportunities for inner-city children.

An All-Star outfielder, Granderson has received several honors in the short decade he has spent in Major League Baseball, where he has played for the Detroit Tigers, the New York Yankees, and the New York Mets.

One of only 38 current professional baseball players with a four-year college degree, Granderson recently donated $5 million to UIC to aid in the development of Curtis Granderson Stadium, which will serve UIC’s baseball team and Chicago’s area youth. The stadium will partner with the Chicago Public Schools’ and MLB’s Reviving Baseball in Inner Cities and Urban Youth Academy.

**Naeema H. Al-Gasseer, MS ’87 NURS, PhD ’90 NURS**
*Assistant Regional Director, Eastern Mediterranean Region*
*Representative to Egypt, World Health Organization Regional Office for the Eastern Mediterranean*
*Nasr City, Cairo*

An internationally distinguished member of the nursing profession, Dr. Naeema Al-Gasseer joined the World Health Organization (WHO) in 1998 as a technical officer in Training and Curriculum Development. She quickly rose to become senior scientist for nursing and midwifery at WHO headquarters in Geneva. While there, Dr. Al-Gasseer established global policies for nursing and midwifery development, which were endorsed by the WHO Ministers of Health, three UN international organizations, and six nursing and midwifery international organizations.

Dr. Al-Gasseer represented the WHO director general in Iraq from 2003 to 2010, where she led UN agencies working in Iraq to ensure coordination of all health stakeholders while supporting the Ministry of Health and national institutions working to improve the health of the Iraqi people.

In her current role, Dr. Al-Gasseer is responsible for promoting and implementing strategic planning, effective management, and partnerships in support of sustainable health development, research, production, and dissemination of health and biomedical information, as well as emergency preparedness and response procedures.

**John H. Laub, ’75 LAS**
*Distinguished Professor of Criminology and Criminal Justice, University of Maryland*
*Former Director, National Institute of Justice*
*Recipient of Stockholm Prize and Hans W. Mattick Award*
*College Park, Maryland*

Crime impacts nearly every aspect of society—from public safety to economic development—and John H. Laub has dedicated his career to studying it.

As the former director of the National Institute of Justice within the U.S. Department of Justice (2010–13), and as distinguished university professor in the Department of Criminology and Criminal Justice at the University of Maryland, College Park, Dr. Laub has conducted extensive research on criminal justice, public policy, the history of crime, and how and why offenders stop their criminal activities.

The coauthor of two award-winning books on crime and criminals, he was named a fellow of the American Society of Criminology, which he also served as president. His various accolades include the 2011 Stockholm Prize in Criminology and the Edwin H. Sutherland Award, the highest honor bestowed by the American Society of Criminology, for outstanding contribution to theory or research in the field.
**The University of Illinois Alumni Humanitarian Award**

Bestowed upon alumni who have made significant humanitarian contributions to society that have improved or enriched the lives of others and the welfare of humanity.

**Anthony S. Rinella, MD ’96 COM**

Orthopaedic Spine Surgeon

Founder, Illinois Spine & Scoliosis Center

Cofounder, Global Spine Outreach

Homer Glen, Illinois

Every year for the past 10 years, Dr. Anthony Rinella leaves the familiar surroundings of his Chicago-area medical practice to help children suffering from spinal afflictions around the world.

In Cali, Colombia—and more recently, Poznan, Poland—Dr. Rinella and his team of scoliosis surgeons, allied health specialists, and volunteers not only offer major surgery to 10 to 15 children with rare spinal conditions but work to educate local medical personnel on how to perform the procedures themselves.

A board-certified, fellowship-trained spine surgeon, Dr. Rinella is the founder of Illinois Spine and Scoliosis Center in Homer Glen, Illinois, and Global Spine Outreach, his medical mission, which makes four weeklong visits annually.

For his humanitarian efforts, he has received the 2010 De La Salle Award from Lewis University in Romeoville, Illinois, and the 2012 Walter P. Blount Humanitarian Award, the highest honor awarded by the Scoliosis Research Society.

**The University of Illinois Distinguished Service Award**

Awarded to those individuals who have consistently demonstrated extraordinary commitment, dedication, and service for the advancement of the university.

**Emanuel D. Pollack**

Senior Associate Dean for Undergraduate Affairs, UIC College of Liberal Arts and Sciences

Chicago, Illinois

Emanuel D. Pollack oversees nearly 10,000 undergraduates in the UIC College of Liberal Arts and Sciences but seems to make an impact on every one of them.

In addition, Dr. Pollack, who holds faculty appointments in the Department of Biological Sciences and College of Medicine, was instrumental in founding neuroscience as an independently recognized discipline at UIC. A certified university mediator and Honors Fellow of the Year, he has been honored with the INSPIRE and Horizon League Sportsmanship awards.

**UIC City Partner Award**

The UIC City Partner Award recognizes alumni for outstanding service to UIC or in key areas of urban development identified by the UIC Great Cities Program.

**Michael Papka, MS ’94 ENG**

Deputy Associate Director, Argonne National Laboratory

Lemont, Illinois

At Argonne National Laboratory in Lemont, Illinois, Dr. Michael Papka provides strategic leadership regarding the use of high-performance computing to further scientific discovery.

A computer science expert in large data analysis and visualization, he serves as deputy associate laboratory director for Argonne’s Computing, Environment and Life Sciences Directorate, as well as heads the Argonne Leadership Computing Facility, where Mira, one of the world’s fastest supercomputers dedicated to open science, tackles challenging problems in science and engineering.

As a senior fellow at the University of Chicago/Argonne National Laboratory Computation Institute, Dr. Papka conducts interdisciplinary studies involving multiscale simulation data and investigates ways to manage, process, and analyze data in the computational pipeline in order to uncover crucial information that could lead to scientific breakthroughs.

A computer science professor at Northern Illinois University in DeKalb, Illinois, he also advocates for increased computer science emphasis in high schools and middle schools across the United States.

**ACADEMIC DRESS**

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, material of the gown and the lining and the shape of the hood represented the economic and social as well as the academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code the bachelor’s gown has pointed sleeves, the master’s gown has oblong sleeves with an arc at the bottom, and the doctor’s gown has bell-shaped sleeves. All gowns were originally black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor’s and master’s gowns are untrimmed. The doctor’s gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. Material of the gown and hood for the bachelor’s and master’s degree is usually of cotton poplin, and for the doctor’s degree, of rayon or silk ribbed material. The bachelor’s gown is worn closed; the master’s and doctor’s gowns may be worn open or closed. Women may wear white collars with the bachelor’s gown when no hood is worn.

The hoods, which differ in length for the three degrees, are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other. The bachelor’s hood is three feet in length; the master’s hood is three and a half feet, and the doctor’s hood is four feet long. At the University of Illinois at Chicago the lining of the hoods is flame and indigo. For PhD students, the trim of the hood is indigo. For other doctoral students and for master’s students, the velvet trim at the edge of the hood denotes the field of study. UIC graduating seniors do not wear hoods.

The mortarboard cap is standard in the United States. Usually all tassels are black, but where the graduating seniors do not wear a hood, as at the University of Illinois, the color of the cap tassel indicates the type of degree earned. Students receiving a bachelor of arts degree wear white tassels; those receiving a bachelor of science degree wear gold. Doctor’s caps may have tassels of gold thread. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred and change them to the left front quadrant after degrees are conferred by the president. Caps are considered a part of the costume.

Gold, silver, and bronze cords worn by some graduating seniors signify the three levels of University Honors. Gold cords signify summa cum laude, silver cords signify magna cum laude, and bronze cords signify cum laude. Gold stoles identify graduates who are members of the Honors College. Red cords distinguish students who have been recognized for service and/or leadership. Some students also wear cords or stoles signifying their membership in campus organizations or activities. The Jewel of Office and Gold collar, which is worn by the president, was presented to the university by the University of Illinois Alumni Association. It is emblematic of the Office of the President and is worn at all formal academic ceremonies. On the collar are engraved the names of the presidents of the university and their years of service. Trustees of the university are identified by their blue gowns with blue velvet panels outlined in orange cord.

For all academic purposes, the colors associated with the different subjects are as follows:

- **Agriculture**  
  - Maize
- **Applied Health Sciences**  
  - Green and Gold
- **Architecture and the Arts**  
  - Brown
- **Business Administration**  
  - Royal Blue

(UIC does not offer all of these degrees; however, faculty and platform party members may hold degrees in these areas.)
This program contains official lists of names of graduates who received degrees in summer 2013 and fall 2013 and unofficial lists of names of candidates for spring 2014 graduation. The names of spring 2014 graduates are as accurate as possible. However, due to printing deadlines, the names of some degree recipients may not appear, while names of degree candidates may appear even though they have not completed their degrees. The University of Illinois at Chicago’s official registry for conferral of degrees is the Office of Admissions and Records.

The following symbols are used in this program:

UNIVERSITY HONORS POLICY

The three levels of university honors listed below will appear on UIC transcripts for undergraduate students participating in spring 2014 Commencement ceremonies honoring students who earned degrees summer 2013, fall 2013, or spring 2014.

**Summa cum laude** ("Highest praise"): 3.90 and above grade point average

**Magna cum laude** ("High praise"): 3.75 to 3.89

**Cum laude** ("Praise"): 3.50 to 3.74

Please note that transfer students must have completed a minimum of 60 semester hours at the University of Illinois at Chicago with a minimum cumulative grade point average (transfer + UIC) of 3.50 (A=4.00) to earn university honors. In addition, grade point average for UIC courses must be a minimum of 3.50 (A=4.00) to earn university honors.

The determination of university honors for spring 2014 candidates for graduation will be based on grades reported through the end of the term prior to graduation. Additionally, transfer students must have completed a minimum of 42 semester hours at UIC at the end of the term prior to graduation and a minimum of 60 UIC hours upon graduation. UIC will reserve the right to make permanent adjustments to the list of students receiving university honors based on final cumulative grade point average information.
Doctoral (all Doctor of Arts, Doctor of Education, Doctor of Nursing Practice, Doctor of Occupational Therapy, and Doctor of Philosophy) and master’s (all Master of Architecture, Master of Arts, Master of Arts in Teaching, Master of Fine Arts, Master of Education, Master of Health Professions Education, Master of Healthcare Administration, Master of Public Administration, Master of Science, Master of Science in Teaching, and Master of Urban Planning and Policy) degrees conferred by the Graduate College are listed under the respective disciplinary college.

America the Beautiful
by Katharine Lee Bates

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America!
God shed his grace on thee
And crown thy good with brotherhood
From sea to shining sea!

The Star-Spangled Banner
by Francis Scott Key

O say can you see, by the dawn’s early light,
What so proudly we hail’d at the twilight’s last gleaming,
Whose broad stripes and bright stars through the perilous fight
O’er the ramparts we watch’d were so gallantly streaming?
And the rockets’ red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there,
O say does that star-spangled banner yet wave
O’er the land of the free and the home of the brave?
