

COMMENCEMENT

2022

Donald J. Edwards
Chairman of the Board
of Trustees

On behalf of the University of Illinois Board of Trustees, and as a proud alumnus of the U of I System, I am honored to bring greetings and congratulations to the Class of 2022!

You have been through so much to reach today's milestone, juggling your studies with the historic challenges of a global pandemic. In the process, you have done even more than achieve your dreams. You have also helped make our universities among the safest in our nation—a model for our peers—and I am deeply grateful for your understanding, your cooperation, and your sacrifice.

Although it has been a few years since I was in the seat you are in today, I still remember the mix of excitement and anxiety I felt, not knowing exactly what the future might hold. That feeling is understandable. But rest assured that the world-class education you received here, in and out of the classroom, has given you the foundation to succeed and flourish.

As you head off to make your mark on the world, know you carry a bond that forever connects you to your years on this remarkable campus. You are joining one of the world's largest alumni networks—nearly 800,000 strong from across the U of I System's three best-in-class universities. As our alumni have since our founding over 150 years ago, I hope you will carry our flag with pride. Your successes will carry us forward, adding to our global reputation for excellence and attracting the new generations of students who want to follow in your footsteps.

I hope you will come back to campus often—to share your achievements, your experiences, and your insights. And as you are out there advancing society, the entire world over, know that all of us you have left behind will be working for you, ensuring that the value and prestige of the degree you worked so hard to earn continues to grow.

Congratulations again, Class of 2022!

Tim Killeen
President

Congratulations, graduates!

There are a small handful of days in life that you never forget. From my own experience, I can tell you that today is one of them, so I hope you savor every minute of it.

The impressive milestone you celebrate today is made even more notable by your dedication and resiliency in completing your degree during a pandemic—traits that will no doubt serve you well as you begin the next chapter in your life's journey.

As you go forward in new career paths, additional academic pursuits, or whatever your dreams hold, know that your experiences with world-class faculty, with leading-edge academic and student programs, and with your fellow students have helped shape you and prepare you well for success. They have set you on a pathway grounded in the talents and civic-minded spirit you nurtured here that will lift your careers, your families, and your communities.

Your alma mater is proud to soon count you among our impressive alumni roster. We hope you will stay connected and involved and come back often.

On behalf of the entire University of Illinois family, it is an honor to celebrate you. Cherish this special time with colleagues, friends, and family, and thrill to the adventures that lie ahead.

Michael D. Amiridis

Dear 2022 Graduates:

Each year, I have the honor to write this letter to you, our graduates, congratulating you for meeting the demands of your academic careers at the University of Illinois Chicago.

As we have begun a return to what we took for granted as normality, a lot has changed during the course of your studies over the past several semesters. You were asked to adapt to a new way of learning nearly overnight, and by being here today, we are celebrating your resilience and success. This important day in your lives rises above the conditions that have challenged you in unprecedented ways, and will always be a testament to your perseverance.

You have successfully reached the end of this stage of your academic journey. You have reached your goal, and you are here to be recognized. At the end of this ceremony, you will be our newest alumni and the next generation of UIC ambassadors. I assure you that the entire university community shares my great pride in your hard work and the sacrifices you have made to reach this day.

I have every confidence that your future accomplishments will make a difference in people's lives. This is the UIC legacy and you are now a part of it.

Congratulations, Class of 2022!

ACADEMIC DRESS

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, material of the gown and the lining and the shape of the hood represented the economic and social as well as the academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code the bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. All gowns were originally black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. Material of the gown and hood for the bachelor's and master's degree is usually of cotton poplin, and for the doctor's degree, of rayon or silk ribbed material. The bachelor's gown is worn closed; the master's and doctor's gowns may be worn open or closed. Women may wear white collars with the bachelor's gown when no hood is worn.

The hoods, which differ in length for the three degrees, are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other. The bachelor's hood is three feet in length; the master's hood is three and a half feet, and the doctor's hood is four feet long. At the University of Illinois at Chicago the lining of the hoods is flame and indigo. For PhD students, the trim of the hood is indigo. For other doctoral students and for master's students, the velvet trim at the edge of the hood denotes the field of study. UIC graduating seniors do not wear hoods.

The mortarboard cap is standard in the United States. Usually all tassels are black, but where the graduating seniors do not wear a hood, as at the University of Illinois, the color of the cap tassel indicates the type of degree earned. Students receiving a bachelor of arts degree wear white tassels; those receiving a bachelor of science degree wear gold. Doctor's caps may have tassels of gold thread. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred and change them to the left front quadrant after degrees are conferred by the president. Caps are considered a part of the costume.

Gold, silver, and bronze cords worn by some graduating seniors signify the three levels of University Honors. Gold cords signify summa cum laude, silver cords signify magna cum laude, and bronze cords signify cum laude. Gold stoles identify graduates who are members of the Honors College. Red cords distinguish students who have been recognized for service and/or leadership. Some students also wear cords or stoles signifying their membership in campus organizations or activities. The Jewel of Office and gold collar, which is worn by the president, was presented to the university by the University of Illinois Alumni Association. It is emblematic of the Office of the President and is worn at all formal academic ceremonies. On the collar are engraved the names of the presidents of the university and their years of service. Trustees of the university are identified by their blue gowns with blue velvet panels outlined in orange cord.

For all academic purposes, the colors associated with the different subjects are as follows:

Agriculture	Maize
Applied Health Sciences	Green and Gold
Architecture and the Arts	Brown
Business Administration	Royal Blue
Dentistry	Lilac
Economics	Copper
Education	Light Blue
Engineering	Orange
Forestry	Russet
Health Professions Education	Gold

Liberal Arts and Sciences	White

Oratory (Speech)	Silver Gray
Pharmacy	Olive
Philosophy	Dark Blue
Public Administration	Peacock Blue
Public Health	Salmon
Social Work	Citron

Urban Planning	Wedgewood Blue
Veterinary Science	Gray

(UIC does not offer all of these degrees; however, faculty and platform party members may hold degrees in these areas.)
