

COMMENCEMENT

UNIVERSITY OF ILLINOIS CHICAGO
May 2–5, 2024

DONALD J. EDWARDS

CHAIRMAN OF THE BOARD OF TRUSTEES

On behalf of the University of Illinois Board of Trustees, and as a proud alumnus, I am honored to bring greetings and congratulations to the Class of 2024.

I hope that these past few years and your experiences here at UIC have been some of the best, most rewarding . . . and most challenging . . . of your lives.

Although it has been quite a few years since I sat in your seat at my own graduation, I still remember the mix of excitement and anxiety I felt, not knowing exactly what the future would hold. That is understandable. But rest assured that your experiences here, both in and out of the classroom, have provided you with the foundation to succeed and flourish.

Now you can take that foundation and build on it. Follow your passions, never stop learning, and you will find your own unique path.

As you take the next steps in your life's journey, know that you carry a bond that forever connects you to your years on this remarkable campus. You are joining one of the world's largest alumni networks—more than 800,000 strong from across the University of Illinois System's three best-in-class universities. You will find us in just about every country on Earth.

I hope you will carry our flag with pride, with your successes adding to our global reputation for excellence and attracting the new generations of students who want to follow in your footsteps. I hope you also will come back to campus often to share your achievements, your experiences, and your insights.

And, as you are out in the world building your career and making it a better place, know that those of us back here at the U of I will still be working for you, ensuring that the value and prestige of your UIC degree will continue to grow.

Congratulations again, Class of 2024!

TIM KILLEEN

PRESIDENT

To the Class of 2024, congratulations!

You now sit before a door that opens onto opportunity, and your years at the University of Illinois Chicago have prepared you well.

The memories you have made on the way to this moment, the friends and colleagues who are now a part of your lives, and the exploration you have undertaken these past few years have transformed you and given you the keys to what lies ahead.

And now, with commencement, you can enjoy a well-earned sense of pride and achievement.

Your accomplishments and your ability to adapt and innovate, as well as the sense of civic responsibility you have shown during your time at UIC, will serve you well in the years ahead.

Take some time today, though, to reflect on this milestone and all that you have learned along the way. Today is among the small handful of days in your lives that you will remember for as long as you live. Savor it, every minute.

As you do, celebrate with those who believe in you and have supported you along the way.

In the future, when you return, we look forward to sharing in your discoveries and successes.

I am deeply honored to celebrate with you.

Congratulations again, Class of 2024!

MARIE LYNN MIRANDA, PHD

CHANCELLOR

To the UIC Class of 2024:

Today marks the culmination of your hard work, dedication, and commitment to academic excellence. It is a privilege to celebrate your achievements alongside you and your loved ones and to recognize this important milestone in your lives.

I am sure you know by now just how special UIC is. We are very intentional about putting students at the center of all that we do. In these past few years, you have developed mastery of a discipline and been equipped with the essential skills to navigate the complexities of life. UIC has also worked to foster a sense of belonging, inclusion, and personal growth. UIC is where you made new friends and meaningful connections to advance your career and enrich your worldview. You have also made important contributions to our campus community and added to the unique and diverse tapestry that defines us.

As Chicago's only public research university, UIC remains deeply committed to providing the broadest access to the highest levels of educational, research, and clinical excellence. The research and innovation that take place at UIC are improving the quality of life for millions of people in Chicago, our state, and indeed the world. From shaping public policy to addressing health disparities to strengthening the resilience of our democracy, our work at UIC is helping to identify solutions to some of the world's most vexing challenges.

The world is more interconnected than ever, and technology is advancing at breathtaking speed. Despite these advances, we are still grappling with inequalities, social injustice, climate change, and generating sustainable growth for successive generations. As you leave campus, know that you will make important contributions toward the betterment of the world around you.

The knowledge you gained and the habits you developed at UIC will remain relevant across your personal and professional lives for decades to come. As a UIC graduate, you are now part of a distinguished family of over 320,000 alumni around the world. I hope that you stay connected with your classmates, professors, and our very supportive staff.

You are prepared for an exciting future, one that I know you will embrace with confidence and readiness to contribute. I encourage you to stay curious and continue to learn and discover. On behalf of the entire UIC community, I extend my warmest congratulations. We are so very proud of you and wish you every success.

2024 COMMENCEMENT SPEAKER

College of Dentistry

SUSAN ROWAN

DEAN, UIC COLLEGE OF DENTISTRY

Dr. Rowan is a University of Illinois Chicago professor and dean of the College of Dentistry. She is a proud triple UIC graduate, receiving her BS and DDS from the UIC College of Dentistry and an MS in patient safety leadership from the University of Illinois College of Medicine. Additionally, she has completed a teaching fellowship with the College of Medicine's Department of Medical Education and a leadership fellowship with the American Dental Education Association. Dr. Rowan also participates in grant-funded research studies about dentist prescribing patterns in the United States.

Dr. Rowan began teaching in the predoctoral dental program in 1984, serving as a clinical faculty member and later as a managing partner. As an educator, Dr. Rowan contributed to dental student learning through monitoring and coordination of the student clinical experience in the Group Practice Clinics, while guiding evaluations of student progress to subsequent semesters, external rotations, and, ultimately, preparation for graduation. Additionally, she coordinated faculty development programs and calibration.

Prior to accepting the role of dean, Dr. Rowan served as the executive associate dean and associate dean for clinical affairs at the College of Dentistry. In her executive leadership roles, Dr. Rowan provided administrative oversight for all clinical services of the college. These responsibilities included administering the college's predoctoral, postgraduate, community outreach, and faculty practice clinical operations, with oversight of preclinical and clinical education courses and programs. She further oversaw patient admissions, clinic instrument sterilization and dispensary, clinic information management systems, and the college's patient care quality assurance program. Dr. Rowan led the successful accreditation of the college with regard to clinical standards in 2013 and 2021. Dr. Rowan has had oversight of the physical facilities of the college, including a \$22 million infrastructure project completed in 2019.

Psychology

ACADEMIC DRESS

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, material of the gown and the lining and the shape of the hood represented the economic and social as well as the academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code the bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. All gowns were originally black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. Material of the gown and hood for the bachelor's and master's degree is usually of cotton poplin, and for the doctor's degree, of rayon or silk ribbed material. The bachelor's gown is worn closed; the master's and doctor's gowns may be worn open or closed. Women may wear white collars with the bachelor's gown when no hood is worn.

The hoods, which differ in length for the three degrees, are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other. The bachelor's hood is three feet in length; the master's hood is three and a half feet, and the doctor's hood is four feet long. At the University of Illinois at Chicago the lining of the hoods is flame and indigo. For PhD students, the trim of the hood is indigo. For other doctoral students and for master's students, the velvet trim at the edge of the hood denotes the field of study. UIC graduating seniors do not wear hoods.

The mortarboard cap is standard in the United States. Usually all tassels are black, but where the graduating seniors do not wear a hood, as at the University of Illinois, the color of the cap tassel indicates the type of degree earned. Students receiving a bachelor of arts degree wear white tassels; those receiving a bachelor of science degree wear gold. Doctor's caps may have tassels of gold thread. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred and change them to the left front quadrant after degrees are conferred by the president. Caps are considered a part of the costume.

Gold, silver, and bronze cords worn by some graduating seniors signify the three levels of University Honors. Gold cords signify summa cum laude, silver cords signify magna cum laude, and bronze cords signify cum laude. Gold stoles identify graduates who are members of the Honors College. Red cords distinguish students who have been recognized for service and/or leadership. Some students also wear cords or stoles signifying their membership in campus organizations or activities. The Jewel of Office and gold collar, which is worn by the president, was presented to the university by the University of Illinois Alumni Association. It is emblematic of the Office of the President and is worn at all formal academic ceremonies. On the collar are engraved the names of the presidents of the university and their years of service. Trustees of the university are identified by their blue gowns with blue velvet panels outlined in orange cord.

For all academic purposes, the colors associated with the different subjects are as follows:

Agriculture	Maize
Applied Health Sciences	Green and Gold
Architecture and the Arts	Brown
Business Administration	Royal Blue
Dentistry	Lilac
Economics	Copper
Education	Light Blue
Engineering	Orange
Forestry	Russet
Health Professions Education	Gold
Journalism	Crimson
Law	Purple
Liberal Arts and Sciences	White
Library Science	Lemon
Medicine	Green
Music	Pink
Nursing	Apricot
Oratory (Speech)	Silver Gray
Pharmacy	Olive
Philosophy	Dark Blue
Public Administration	Peacock Blue
Public Health	Salmon
Social Work	Citron
Theology	Scarlet
Urban Planning	Wedgewood Blue
Veterinary Science	Gray

(UIC does not offer all of these degrees; however, faculty and platform party members may hold degrees in these areas.)

This program contains official lists of names of graduates who received degrees in summer and fall 2023 from colleges that did not participate in fall commencement and unofficial lists of names of candidates for spring 2024 graduation. The names of spring 2024 graduates are as accurate as possible. However, due to printing deadlines, the names of some degree recipients may not appear, while names of degree candidates may appear even though they have not completed their degrees. The University of Illinois Chicago's official registry for conferral of degrees is the Office of Admissions and Records.

The following symbols are used in this program:

* **College Honors**

† **Cum Laude**

‡ **Magna cum Laude**

§ **Summa cum Laude**

Honors College (undergraduate students who are members of the Honors College)

** **Bell Honor Award** (College of Engineering)

†† **Beta Gamma Sigma** (College of Business Administration)

‡‡ **Certificate in Evidence-based Mental Health Practice with Children and Adolescents**
(Jane Addams College of Social Work)

^ **Member of Alpha Lambda Chapter, Sigma International Honors Society of Nursing**
(College of Nursing)

1 **Rho Chi** (College of Pharmacy)

2 **Phi Lambda Sigma** (College of Pharmacy)

UNIVERSITY HONORS POLICY

The three levels of university honors listed below will appear on UIC transcripts for undergraduate students participating in spring 2024 Commencement ceremonies.

Summa cum Laude ("Highest praise"): 3.90 and above grade point average

Magna cum Laude ("High Praise"): 3.75 to 3.89

Cum Laude ("Praise"): 3.50 to 3.74

University honors will be awarded solely on grade point average earned at UIC. The determination of university honors for spring 2024 candidates for graduation will be based on grades reported through the end of the term prior to graduation. UIC will make permanent adjustments to the list of students receiving university honors based on final grades.

The School of Law also awards Latin honors with the top 1 percent of the JD graduating class earning summa cum laude, the top 4 percent earning magna cum laude, and the top 15 percent earning cum laude.

Doctoral (all Doctor of Education, Doctor of Nursing Practice, Doctor of Occupational Therapy, Doctor of Philosophy, and Doctor of Physical Therapy) and master's (all Master of Architecture, Master of Arts, Master of Arts in Teaching, Master of Design, Master of Education, Master of Fine Arts, Master of Health Professions Education, Master of Healthcare Administration, Master of Public Administration, Master of Science, Master of Science in Teaching, and Master of Urban Planning and Policy) degrees conferred by the Graduate College are listed under the respective disciplinary college.

BIOMEDICAL ENGINEERING

DOCTOR OF PHILOSOPHY IN BIOENGINEERING

Candidate for Degree May 2024

Adam Henry Szmelter
*Millifluidic Devices for Multiwell
Environmental Control.*
David Eddington, Adv.

DOCTOR OF PHILOSOPHY IN BIOINFORMATICS

Candidate for Degree May 2024

Huiyu Li
*Generalized Work Functional Approach to
Identify Reaction Coordinates of Protein
Functional Dynamics.* Ao Ma, Adv.

DOCTOR OF PHILOSOPHY IN BIOMEDICAL ENGINEERING

Candidates for Degree May 2024

Elena Boselli
*Portable Electrochemical Systems for
Heavy Metal Detection in Blood and
Water.* Ian Papautsky, Adv.

Yishin Chang
*Elucidation of Dysregulated Immune
Profiles via Vaccine-Induced
Transcriptomics.* David Perkins, Adv.

Joseph Crutison
*Understanding Shear Waves in Skeletal
Muscle: Refining Elastography through
Finite Element Analysis.*
Thomas Royston, Adv.

Guangyu Dan
*Spatial and Temporal Characteristics of
Diffusion MRI: New Developments and
Applications.* Xiaohong Joe Zhou, Adv.

Rogelio Garcia Nespolo
*Intraoperative Artificial Intelligence and
Surgical Data Science in Ophthalmology.*
John Hetling, Adv.

Olivia Thao Ly
*Comprehensive Maturation of iPSC-
Derived Atrial Cardiomyocytes to Model
Genetics of Atrial Fibrillation.* Salman
Khetani, Adv.

Guangying Ma
*Functional Optical Coherence Tomography
for Intrinsic Signal Optoretinography.*
Xincheng Yao, Adv.

Lara A. Nammari

Mindy K. Ross
*Harnessing Smartphone Typing Behaviors
for Passive Assessment of Processing
Speed and Executive Function.*
Alex Leow, Adv.

Paul Jason Thomas
*Multimodal Neuroimaging Analysis
for Uncovering Brain Subnetwork
Associations with Psychiatric Disorders.*
Olusola Ajilore, Adv.

ELECTRICAL AND COMPUTER ENGINEERING

DOCTOR OF PHILOSOPHY IN ELECTRICAL AND COMPUTER ENGINEERING

Candidates for Degree May 2024

Nabeel Abdulaziz S. Alsaab
*Low Cost Transparent and Flexible
Antenna for Next Generation
Communication Networks.*
Pai-Yen Chen, Adv.

Salih Furkan Atici
Matthew Baker
Congbo Bao
Trung B. Le
Naveed Naimipour

Leila Alsadat Rahimifard
*Architectures for Higher-Order and Robust
Intelligence Computing Based on Low-
Dimensional Materials.* Amit Trivedi, Adv.

Zhanibek Rysbek
*Human-Inspired Robot Control for
Proactive Physical Human-Robot
Interaction.* Milos Zefrin, Adv.

Lubna Shibly Mokatren

Alex Christopher Stutts
*Uncertainty-Aware Predictions in Real
Time: A Missing Link in Edge Intelligence.*
Danilo Erricolo, Adv.

Chia-Heng Sun

Muhammad Farooq Umar
*Enforced Coherent Dynamic Interaction
of Grid-forming Inverters in Low Inertia
Systems.* Mohammad Shadmand, Adv.

Dmitry Utyamishev
*Enabling Supervised and Unsupervised
Learning for EDA and Cybersecurity in
VLSI Systems.* Inna Partin-Vaisband, Adv.

MASTER OF SCIENCE IN ELECTRICAL AND COMPUTER ENGINEERING

Candidates for Degree May 2024

Tenyu Aikawa
Sai Rahul Annamali

Shreegouri Kashinath Boodi
Aditya Chakravarthy
Atiyya Davis
Glenn A. Dusing
Farid Elbouakhri
Shantanu Gupta
Ziliang Hong
Vaishnavi Pulavarthi
Amru Musa Qutub
Sai Pavan Rambhatla
Sreenaesh Ramesh
Gregory Sacco
Ashish Shakya
Fatemeh Sichani Taghvaei
Rupika Singh Tomar

MASTER OF ENERGY ENGINEERING

Candidates for Degree May 2024

Jacob Andre
Luis Rene Cuello
Mohamed Ahmed Eldeen
Adlane Haouchine
Max Holloway Luebbe
Alejandro Mendoza
Crista Breneyda Mondragon Rivera
Shyamal K. Patel
Darrius Deandre Summeries

MECHANICAL AND INDUSTRIAL ENGINEERING

DOCTOR OF PHILOSOPHY IN INDUSTRIAL ENGINEERING AND OPERATIONS RESEARCH

Candidate for Degree May 2024

Iliia Mokhtarian
*Utilizing Process Mining and Deep
Learning to Detect IoT / IIoT Cyberattacks
– A Hybrid Approach.* Sybil Derrible, Adv.

DOCTOR OF PHILOSOPHY IN MECHANICAL ENGINEERING

Candidates for Degree May 2024

Pushkar Bansal
*Effects of AMPH-Food Deprivation
Interaction on Behavior and its Neural
Substrates in Zebrafish Larvae.*
Erica Jung, Adv.

Nitin Samuel Jayakumar

Shashwata Moitra
*Solid/Liquid Interactions on Wettability-
Modified Surfaces.*
Constantine Megaridis, Adv.

Rizwan Ahamed Shaik

Manaf M. Sheyyab
*The Role of Chemical Functional Groups in
Fuel Properties Prediction and Design of
Surrogates.* Kenneth Brezinsky, Adv.

Jianan Zhang
Machine Learning-Driven Evolutionary Search and Theoretical Analysis of Novel 2D Grain Boundaries. Carmen Lilley, Adv.

MASTER OF SCIENCE IN INDUSTRIAL ENGINEERING

Candidates for Degree May 2024

Shoib Ahmed
Francesco Bolognesi
Shivani Pramod Date
Rohan Rohitkumar Desai
Neelesh Edupuganti

CHEMISTRY

DOCTOR OF PHILOSOPHY

Candidates for Degree May 2024

Pinar Damla Alayoglu
*Metal Clusters and DAFS: A
Comprehensive Analysis of Electronic
Structure and Reactivity.*
Neal Mankad, Adv.

Laura Alonso
*Improving, Controlling, and Applying
4 π -Electrocyclizations of N-Vinylindones.*
Laura Anderson, Adv.

Buddhika Sri Padmakumara Wijenayake
Alupothe Gedara
*STM Studies of Restructuring and Stability
of Bimetallic Alloys.* Michael Trenary, Adv.

Erik J. Askins
*Interfacial Electrochemistry of Carbon-
Based Materials for Electrocatalysis.*
Ksenija Glusac, Adv.

Mihir K. Chavda
Daria Galaktionova
Simon Gregory Gersib

Ryan S. Hippman
*Development and Optimization of Disease-
Relevant Autophagy Modulators and
Bioactive Libraries.* Duncan Wardrop, Adv.

Weijia Kang
Jacob J. Markut

Philip Mickel
*Design, Modeling, and Synthesis of Active
Nanosystems and Therapeutics.*
Petr Kral, Adv.

David L. Molina
Megan N. Murphy

Indrani Roy
*Chemical Bonding in Redox Active
Oxyfluoride Cathode for Li-ion Battery.*
Jordi Cabana, Adv.

Sidney G. Spurgeon
Sherrie Lyndsey Vicker
Kai Wang
Adrian P. Wierzchowski
Guang Yang
Teodora Zagorac

Xin Zheng
*Photochemical Carbon Dioxide Capture
and Conversion by Metal-Organic
Frameworks.* Ksenija D. Glusac, Adv.

MASTER OF SCIENCE

Candidates for Degree May 2024

Jas-Marie De Nae Jackson
Linta Maruthurethu Biju
Sebastian Sena
Irin Pottanani Tom

BACHELOR OF SCIENCE

Candidates for Degree May 2024

Bibek Adhikari
Diana Marlene Arteaga Torres[#]
Michael Avila
Kayla M. Bassig
Jimena Caballero
Monsetratt Castillo
Jillianne Paige Cook
Magdalena Helena Czyn^{†#}
Bridget O. Dankwah
